Company Description:

Whether you are an international company looking to conduct business in Iraq or an Iraqi company looking to tap into international markets, you need a partner that can bridge the unique needs of each market. With a management team of Iraqi-born businessmen with proven track records growing businesses in Iraq, Great Britain and the United States, Iraqi Projects Development LLC ("IPD") is that bridge.

IPD is the leading supply chain management provider in Iraq, offering project management, warehousing, distribution and strategic consulting to Iraqi and international companies operating in Iraq. We operate in three divisions:

Cevikler Construction Co.

Address: Iraq- Erbil, 60meter Street, No.133 Kasr-
Isimal District
phone: +964 066 252 2785
E-mail: mersanerpolat@yahoo.com

Booth #: C159

Type of Business:

Construction

Company Description:

Being founded on April 2004 in Ankara Cevikler Construction Ltd. built a strategy of entering the Iraqi market through the Kurdistan region by first setting up partnerships with well known Turkish companies. In Suleymania the Cevikler established a joint venture with AGE to build an airport and dormitories for Suleymania and Koya universities. In Erbil, we set up a joint venture with Gunay for the construction of dormitories for the Salahaddin university. Completing these projects the Cevikler firmly established in northern Iraq and continuing to develop new major construction projects in the areas of health, education and industry in close collaboration with the authorities in the Kurdistan region of Iraq.
