### Company Description:

Tristar is the first company in Kurdistan to offer a complete automotive service to the customer. The company sells new Toyota cars but also a complete range of Commercial and Industrial Vehicles, including Bobcat and Westac Generators, Toyota Forklifts, Hitachi

Excavators, Mack Trucks, Daewoo Buses, and over a dozen other major brands. They even offer Armored Toyota Land Cruisers for sale- one of these vehicles is being exhibited at the show.

More importantly, Tristar is the first company in Kurdistan to offer a full After Sales Service to the customer. All new products are sold with full warranty, and Tristar is building major Service and Parts facilities so that we can look after our valued customers. If you have any problems with your machinery or vehicles, regardless of whether you purchased them from us or not, Tristar will be able to help.
